Mission: Our prime objective is to provide a forum for questions, exchange of information and discussion of matters involved in doing Jewish genealogical research in France, other French-speaking areas such as Belgium, Luxembourg and Switzerland, and in former French colonies such as Tunisia, Algeria, etc.

Update: We have created an English translation of a rare French yizkor book. We are hoping that we will soon be permitted access to many French records held by the USHMM, and to create an All-French Database on JewishGen
