Mission: Acquire, and as necessary, translate material relating to the Jewish residents of Borislav, Drogobych, Dobromil, Sambor & Vicinity (referred to as BDSandV) such as histories, yizkor books, memoirs, cemetery listings, business directories, telephone directories, etc., for posting on a future web site. Create scanned images of acquired material in order to post them on our web site. Create databases of acquired material in order to post them on appropriate JewishGen databases. Create a list of towns within our scope of interest. Initially, we have set up a mailing list so that researchers can easily exchange ideas. To subscribe: <http://lyris.jewishgen.org/ListManager>

Update: Material continued to be collected, translated, edited, and added to yizkor books, web site, as funds became available. Telephone directories were translated. Funds were solicited for JRI-Poland (Boryslaw, Drohobycz, Sambor, and Stary Sambor) projects.
