Publication: Name: Not reported

Frequency: Not reported

Distribution: Not reported

Library: Not reported

Contacts: Linda Cantor

Ann Rabinowitz

Membership: 70

Mission: The Rokiskis SIG was formed in the late 1990's as an outgrowth of interest in Jewish genealogy. Presently, the membership is comprised of individuals who were either born in Rokiskis, Lithuania or their descendants and their relatives. Membership meetings are held annually during each IAJGS Conference.

Update: Due to access to the Internet through JewishGen, the Rokiskis SIG has members from North America, Australia, Canada, Great Britain, Israel, and South Africa. In addition, the SIG sponsors a ShtetLink Site on JewishGen, which is located at: <http://www.shtetlinks.jewish.org/rokiskis/rokmain.htm>, and provides the latest information regarding genealogical research for the shtetl. A Yizkor Book, genealogical information obtained from Lithuanian Archives, and other research tools are available to members.
