Mission: To facilitate access to records of former Russian Empire Guberniyas now in Ukraine: Podolia, Volhynia, Kiev, Poltava, Chernigov, Kharkov, Kherson, Taurida and Ekaterinoslav. Through group interaction and cooperation: - to organize and assist in the formation of Regional Special Interest Groups, which can then focus on their main area of research, and produce separate pages for each guberniya/region. To locate and translate available data from Ukrainian archives, from research facilities, and all repositories around the world, primary documentation of the Jewish experience in the Ukraine including the Reviskaya lists, Tax lists, Business lists, Property lists, historical material of all types, yizkor books and more. To prepare databases which will be uploaded and made readily available to all through the JewishGen website

Update: Our website has been "remodeled" with some exciting new features: Key research links - linking you to the informative databases of JewishGen, The Photo Album of the Ukraine SIG and our "Most Wanted" mystery photos section. The Project Page of the Ukraine SIG has a wide variety of information on new and completed and in-process SIG projects: Ukraine Towns and Jewish Families, Occupational Survey of the Ukraine, Photographers of Jewish Ukraine, Ukrainian Residence Info in Destination Countries & Did You Know? (Information on source materials); many new maps to view, stories from our traveling members, and Bubbe's Ukrainian Yiddishe Noshery, listing delicious recipes from our mothers', grandmothers', aunts and occasionally, grandfathers. Please refer to [www.jewishgen.org/ukraine](http://www.jewishgen.org/ukraine) for additional information and to see more of our new features.
