MEMORIAL PLAQUES
Indexing Challenge

Visit a Synagogue.

Photograph the Plaques.

Transcribe the Information.

It's easy!   It's fun!
It's an important preservation project!

About
Preserving and indexing Yahrzeit memorial data is vital to Jewish genealogical research. Crowdsourcing is invaluable to producing searchable information that can help millions of people find their Jewish ancestors.

Our goal is to transcribe 5,777 plaques. Join the genealogy community in preserving our past!

When
This event is being held in conjunction with International Jewish Genealogy Month (Cheshvan 5777) November 01 thru 30, 2016.
