Experienced JGSCV members and Family History Center volunteers will be available to help members get the most out of the L.A. Family History Center's resources, including computer assistance with many popular genealogical databases including Ancestry.com (full access), Footnote.com, Heritage Quest, World Vital Records, Godfrey Memorial Library on-line resources and more! The FHC has an extensive collection of microfilms, including U.S. and international census records, Eastern European and other international and domestic vital records, maps and gazetteers. Bring your research documents with you and bring a flash drive if you want to download electronic images of online images. Hard copying is also available.

Barbara Algaze, volunteer at the LAFHC, and librarian for the JGSLA, will give an introduction to the resources at the L.A. Regional Family History Center.
